

Description

Q/Solve is a general purpose cleaner solvent for tools and plant used with Quattro flooring materials. It can be used to clean trowels when finishing dry screeds such as Q/Screed.

Appearance	Clear Liquid
Odour	Ethereal
Specific Gravity	0.97 (20°C)
Vapour Pressure	4.9 mbar (20°C)
Flash Point	42°C
Evaporation Rate	0.40 (butyl acetate = 1)

Properties

Handling and Storage

Q/Solve is flammable. Keep away from possible ignition sources.. Contact with skin should be avoided. Do not store in open sunshine. Keep containers closed when not in use. See separate material safety data sheet.

HAZARD IDENTIFICATION

Designation - Xi Irritant

Information - R10 Flammable, R36 Irritating to eyes.

FIRST AID MEASURES

General Remove soiled clothing immediately.

After inhalation Remove victim to fresh air. If unconscious, turn to recovery position. Seek medical aid.

After skin contact Remove contaminated clothing and launder before reuse. Wash affected area immediately with plenty of soap and water.
